

What's on Your Hands? Answer Key

Directions: Fill in the spaces with the correct word from the Word Bank.

Germs are everywhere. Germs are so **small** you can't see them.

Germs can make you **sick**. Germs can **spread** from one person to another. Germs are found in coughs and **sneezes**. You can get rid of germs by **washing** your hands.

I should always wash my hands **before** I eat. I should always wash my hands after I go to the **bathroom**. I should wash my hands for at least **20** seconds. One way to be sure I have washed my hands long enough is to sing the **Happy Birthday!** song **two** times.

Word Bank:

20	Happy Birthday!	sneezes
before	sick	spread
bathroom	small	two
Germs		washing
