

Children's Medical Services California Children's Services Provider Bulletin

SUPERCEDES APRIL 14, 2010 BULLETIN

DATE: April 22, 2010

SUBJECT: PROVIDER INFORMATION UPDATES ON STATE MEDI-CAL SYSTEM

Los Angeles County CCS transitioned to the State's electronic case management system, Children's Medical Services Network (CMS Net) on April 12, 2010. In order to assure timely service authorizations and claims adjudication, **it is imperative that you ensure your provider information on the State's Medi-Cal system is current and up to date.** If this information is not current, we will have difficulty issuing SARs, and your claims payment will likely be delayed.

If you believe your provider information is not correct or are not sure if it is correct, please visit the State's Provider Enrollment Division website to determine the appropriate course of action: <http://www.dhcs.ca.gov/provgovpart/Pages/PED.aspx>.

LOS ANGELES COUNTY CCS IS NOT ABLE TO MAKE PERMANENT CHANGES TO YOUR PROVIDER INFORMATION. IT IS YOUR RESPONSIBILITY TO ENSURE THE INFORMATION IS CORRECT.

INCORRECT INFORMATION ON THE STATE'S MEDI-CAL SYSTEM WILL DELAY CCS SERVICE AUTHORIZATIONS AND PAYMENT.
