

Ambulatory Outpatient Medical Services

for People with HIV

What are Ambulatory Outpatient Medical (AOM) Services?

Ambulatory Outpatient Medical (AOM) Services is a program that provides HIV specialty medical services for people living with HIV (PLWH). These services are provided by licensed health care professionals who have received advanced training in the management of HIV/AIDS.

What are the goals of AOM Services program?

- To connect you to high quality care and medication even if you do not have health insurance;
- Help you achieve low/undetectable viral load to improve your health and prevent HIV transmission ([Undetectable=Untransmittable](#));
- Prevent and treat opportunistic infections;
- Provide education and support with risk reduction strategies.

What services can I access through the AOM Services program?

The AOM Services program offers a variety of services which include medical exams and treatment, laboratory testing, nutrition education support, and STI prevention and screening.

How do I access these services?

You can access these services by contacting any of the providers listed on the next page. If you are not already receiving services at one of the providers above, you may need to confirm that you are Ryan White Program-eligible and they may ask you to provide documentation confirming your HIV diagnosis, current income (if any), health insurance (if any), and that you live in Los Angeles County. AOM services are free for those with a qualifying income regardless of immigration status.
