The following information pertains to all Syndemic Cluster Area Tables 1A-1E:

Source: Los Angeles County Department of Public Health, Division of HIV and STD Programs, November 2015.

¹Zip codes selected based on centroid (center of zip code) falling within the cluster.

²Zip codes selected based on intersection between zip code and cluster. Only one zip code centroid fell within the north cluster (in bold).

[Notes: Service Planning Area (SPA) determination for zip codes was obtained from the 2007 United Way Zip Code Data Books for each SPA. Areas/communities and Supervisorial Districts were obtained through the County of Los Angeles Master Zip Code List (<http://ceo.lacounty.gov/forms/zipcodes/master%20zip%20codes.pdf>) with some descriptions also coming from the 2007 United Way Zip Code Data Books and the United States Postal Service interactive online zip code look up tool (<https://tools.usps.com/go/ZipLookupAction!input.action?mode=2&refresh=true>).]
