The notice to comply shall include a statement of the deficiencies found, set forth the corrective measures necessary for the body art technician to be in compliance with this chapter, provide a compliance date by which such corrective measures must be completed and inform the body art technician that failure to comply within the prescribed time may result in the imposition of any penalty provided for in this chapter, including suspension and/or revocation of any and all permits or registrations. The notice to comply shall also advise the body art technician of his or her right to an administrative review under the provisions of this chapter.
- C. Whenever the department finds that an owner is not in compliance with the requirements of this chapter, or any law or standard affecting public safety, including but not limited to the Los Angeles County Code, the California Health and Safety Code, the blood borne pathogen standard, or the exposure control plan of the establishment at which body art activity is conducted, or any combination thereof, a written notice to comply shall be issued to the owner. The notice to comply shall include a statement of the deficiencies found, set forth the corrective measures necessary for the owner to be in compliance with this chapter, provide a compliance date by which such corrective measures must be completed and inform the owner that failure to comply within the prescribed time may result in the imposition of any penalty provided for in this chapter, including suspension and/or registration of any and all permits or registrations. The notice to comply shall also advise the owner of his or her right to an administrative review under the provisions of this chapter.

- D. A written request for an administrative review, as specified in subsections B and C of this section, above, must be made by the noticed person within 15 calendar days of the compliance date set forth in the notice to comply or any extension thereof later granted by the department. Failure to request an administrative review within the prescribed time shall be deemed a waiver of the right to an administrative review. The administrative review shall be held within 15 calendar days of the receipt of a written request for a review. Upon written request of an owner or body art technician or on its own motion, the department may advance or postpone the scheduled administrative review date, if good cause warrants such action.
- E. In the case of an administrative review, the department shall issue a written notice of decision to the subject person within five working days of the administrative review or waiver. In the event of suspension or revocation of any permit or registration, the notice of decision shall specify the acts or omissions found to be violations of this chapter and, in the case of a suspension, shall state the extent of a suspension. The notice of decision shall also state the reasons the body art technician's public health operator permit or an owner's public health facility permit has been suspended or revoked and the terms upon which such permit may be reinstated or reissued, if any.
- F. Notwithstanding any other provision of this chapter, if any immediate danger to the public health or safety is found or is reasonably suspected, unless the condition is corrected forthwith, the department may immediately suspend any permit or registration issued pursuant to this chapter, initiate a criminal complaint and/or impose any fine permitted by this chapter, pending a determination of an administrative review as provided herein. Immediate danger to the public health and/or safety shall include any condition, based upon inspection findings or other evidence, that can cause, or is reasonably suspected of causing, infection or disease transmission, or any known or reasonably suspected hazardous condition.
1. Whenever a public health operator permit or public health facility permit issued pursuant to this chapter is immediately suspended or a fine is imposed as the result of an immediate danger to the public health or safety, the department shall issue to the permittee so suspended or fined, a written notice to comply setting forth the acts or omissions with which the permittee is charged, specifying the sections of the Los Angeles County Code, California Health and Safety Code, blood borne pathogen standard, or the exposure control plan of the establishment at which body art activity is conducted, or the combination of alleged violations, and informing the permittee of the right to an administrative review.
 2. At any time within 15 calendar days of service of such notice to comply, the permittee affected may request, in writing, an administrative review by the department to show cause why the imposed suspension or fine is unwarranted. The administrative review shall be held within 15 calendar days of the receipt of a request. A failure to request an administrative review within 15 calendar days shall be deemed a waiver of the right to such review.
 3. At any time prior to an administrative review or waiver thereof, the recipient of

a notice to comply issued pursuant to this subsection F, may correct the deficiencies noted in the notice to comply and request a reinspection.

4. In the case of a request for reinspection as set forth in subsection F3, above, the department shall reinspect as soon as practical and, in no event, later than the end of the third business day following the request for reinspection. In the event the deficiencies noted in the notice to comply are corrected to the satisfaction of the health officer, the department has discretion to reinstate or modify any suspension of a permit and cancel or modify any fine imposed pursuant to this subsection F. If the department determines that the deficiencies noted in the notice to comply have been corrected, but the department elects not to reinstate the suspension or cancel the fine imposed pursuant to this subsection F, the department shall notify the permittee of this decision in writing. The permittee shall have 15 calendar days from receipt of said notification to seek an administrative review of this decision.
 5. If upon reinspection, any deficiency noted in a notice to comply is not corrected to the satisfaction of the department, the department's decision regarding the deficiency may be the subject of an administrative review. The time for requesting such administrative review remains 15 days from service of the original notice to comply.
- G. The department may, after an administrative review or waiver thereof, modify, suspend, or revoke or continue all such action previously imposed upon a public health operator permit or public health facility permit issued pursuant to this chapter or impose any fine allowed herein for violations of this chapter or any other laws or standards affecting public health and safety, including but not limited to the Los Angeles County Code, the California Health and Safety Code, the blood borne pathogen standard, or the exposure control plan of the establishment at which body art activity is conducted, or any combination thereof, or for interference with a county health officer's performance of duty.
- H. A public health operator permit issued or a public health facility permit issued pursuant to this chapter may be reissued or reinstated, if the department determines that the conditions which prompted the suspension or revocation no longer exist and any fine imposed pursuant to this chapter has been satisfied.
- I. A body art technician whose public health operator permit is suspended or revoked shall cease all body art activity unless and until the permit is reinstated or reissued.
- J. In the event a public health facility permit is suspended or revoked, the owner of the body art establishment shall cease to operate said facility as a body art establishment unless and until the public health facility permit is reinstated or reissued. (Ord. 99-0039 § 14 (part), 1999.)
