# Windows for Pre-kindergarten (Child Care) Immunizations

IMM-408 (6/19)

How to Use these Windows:

Determine the age of the child in months, then find the right age window.
Line the window up over the date boxes on the child's blue card.
Immunization requirements are met if there are dates in each window.
See also "Notes for Child Care Providers" (over).

■ 2-3 Months of Age

	(1st)
Polio	
DTaP	
Hib	
Hep B	

Is there a date in each space?
Yes: Child is OK today.
