3/17/2022

CDC COVID-19 Community Levels

New Cases (per 100,000 people in last 7 days)	Indicators	Low	Medium	High	LA County Current Values <u>New Cases:</u> 85/100,000 (as of 3/16/22)
Fewer than 200	New COVID-19 admissions per 100,000 population (7-day total)	<10.0	10.0-19.9	≥20.0	4.5
	Proportion of staffed inpatient beds occupied by COVID-19 patients (7-day average)	<10.0%	10.0-14.9%	≥15.0%	3.2%
200 or more	New COVID-19 admissions per 100,000 population (7-day total)	NA	<10.0	≥10.0	N/A
	Proportion of staffed inpatient beds occupied by COVID-19 patients (7-day average)	NA	<10.0%	≥10.0%	N/A

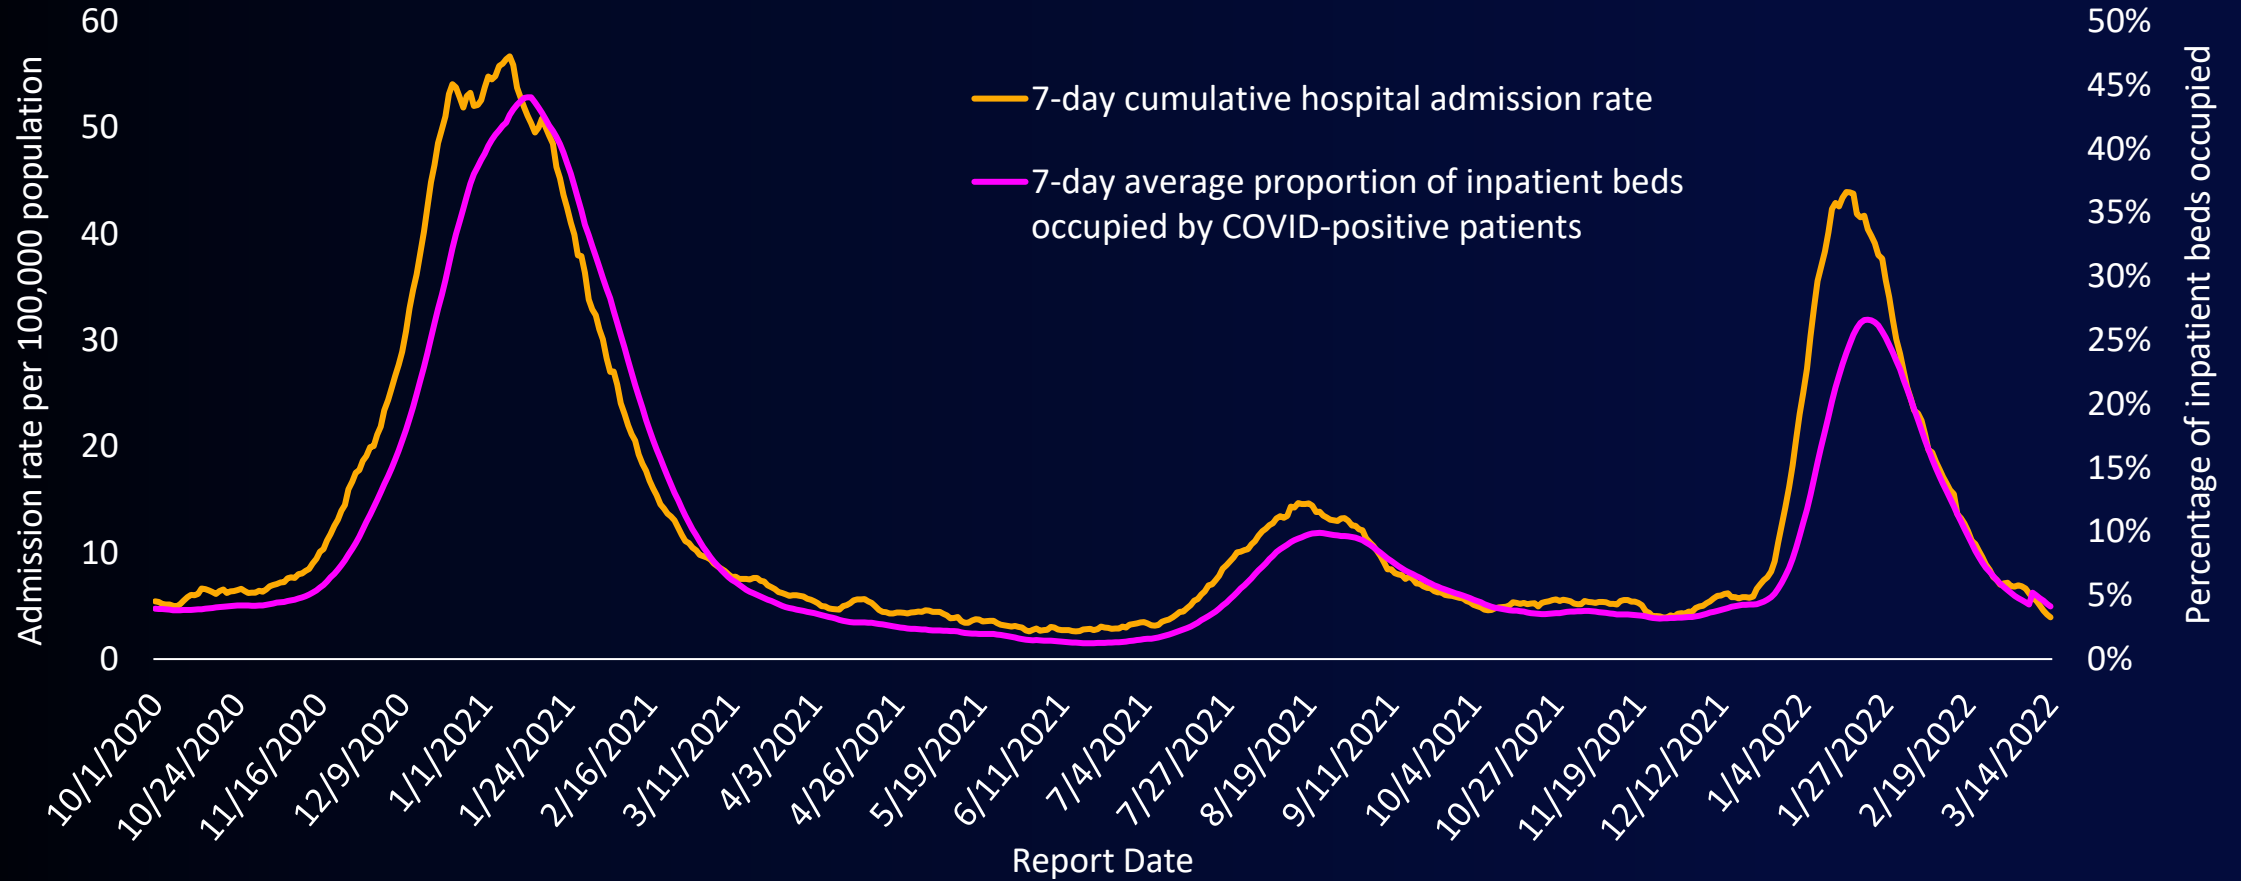

The COVID-19 community level is determined by the higher of the inpatient beds and new admissions indicators, based on the current level of new cases per 100,000 population in the past 7 days.

New Outbreaks in TK-12 School Classrooms* in the Past 7 Days

January 1, 2022 – March 15, 2022

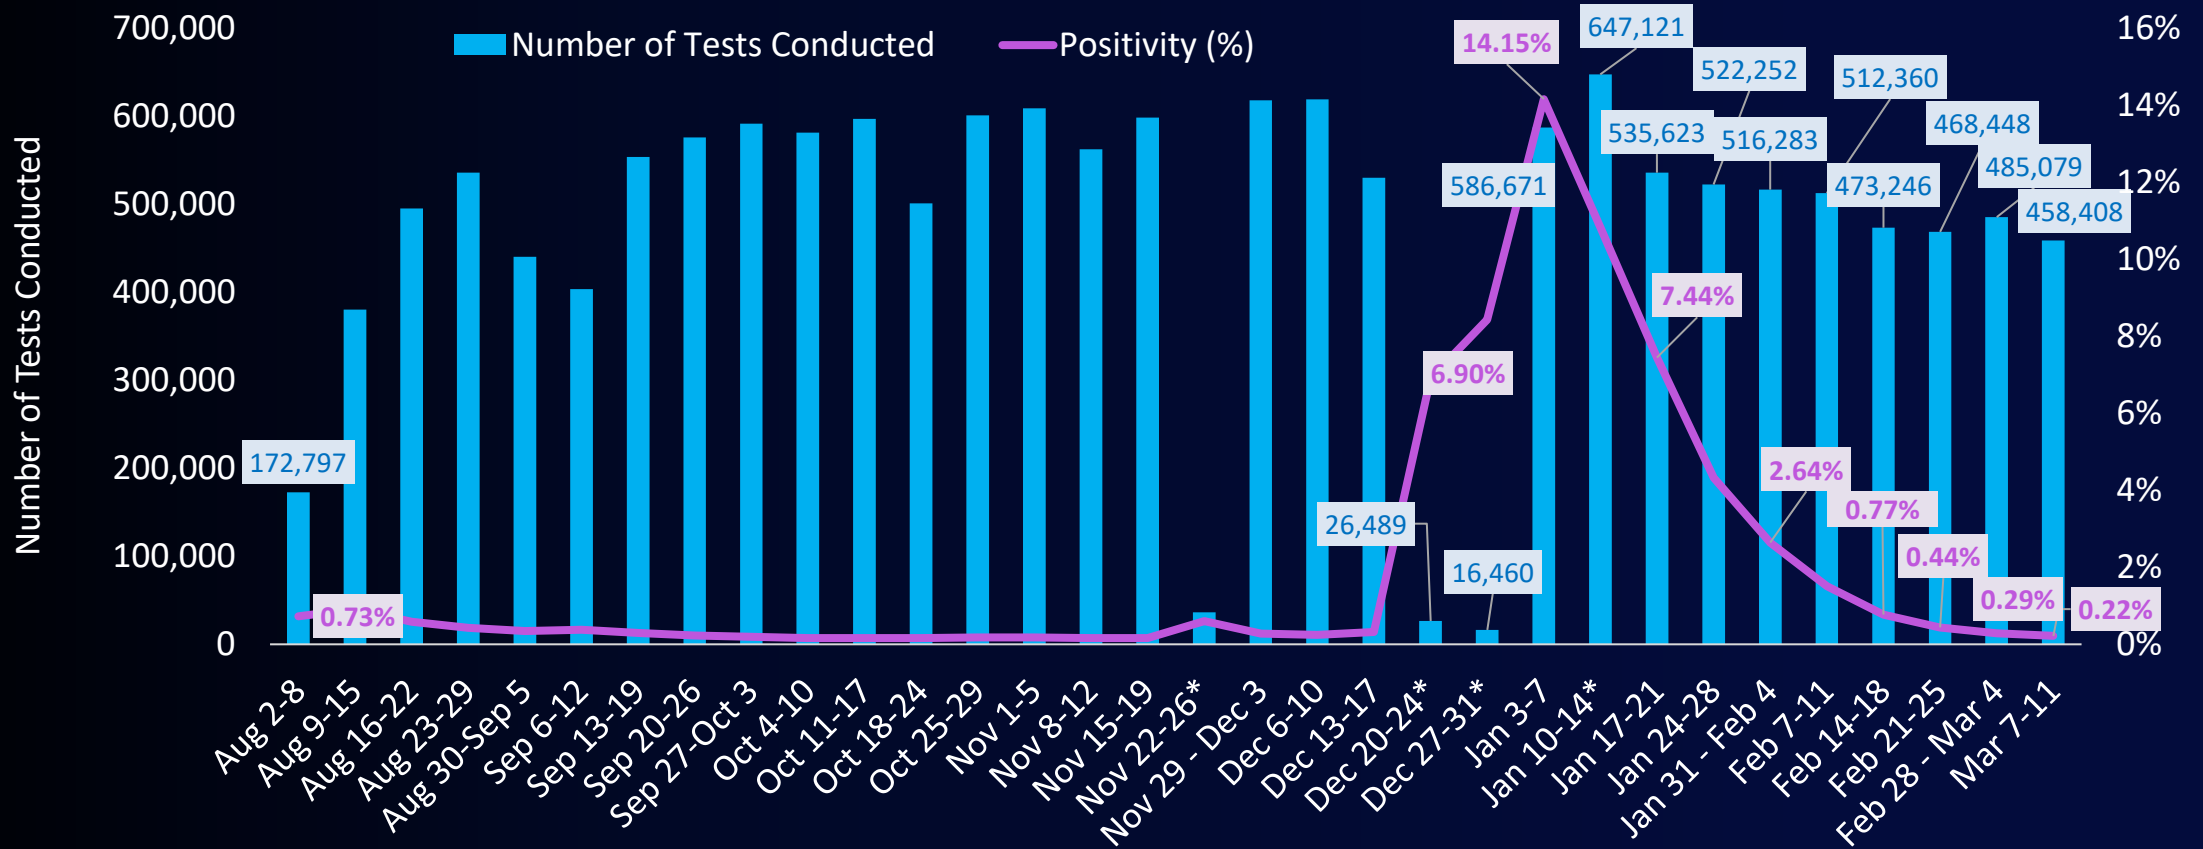

covid19.lacounty.gov

3/17/2022

*Other school-associated outbreaks that are outside of the classroom setting (e.g., youth sports, extracurricular activities, staff only) are excluded

School Testing Volume and Test Positivity

August 2, 2021 – March 11, 2022*

*Most school tests are among asymptomatic, unexposed persons as part of weekly screening testing but could include ad-hoc response testing among symptomatic or exposed persons. School testing data may include repeat tests for a unique individual. Test types reported by schools include PCR, rapid antigen, and over-the-counter tests. For the weeks of Nov 22, 2021, and December 20, 2021 – January 2, 2022, testing volume decrease was due to districts/schools being closed for holiday breaks.

LAC Post-Surge Preparedness Dashboard

Indicator	Thresholds			LA County Current Value
	Needs Improvement	Adequate	Outstanding	
Access to vaccines: Number of mobile vaccination sites per week	< 200	200-300	> 300	792 ¹
Access to vaccines: Number of fixed vaccination sites ¹	< 900	900-1,100	> 1,100	1,144 ¹
Access to vaccines: Percentage of eligible homebound referrals who received their vaccine within 2 weeks from date of referral	< 60%	60%-75%	> 75%	28% ²
Access to vaccines: Percentage of residents 12+ in the most vulnerable communities who have had 1+ additional dose/booster	< 45%	45%-60%	> 60%	36% ³
Outbreak management: Percentage of high-risk worksite outbreaks that have had at least one site visit by DPH	< 75%	75%-85%	> 85%	83% ⁴
Access to therapeutics: Number of sites in the most vulnerable communities that dispense therapeutics	< 150 sites	150-250 sites	> 250 sites	116 ⁵
Access to therapeutics: Percentage of eligible residents using the call center who received recommended therapeutics	< 80%	80%-90%	> 90%	Pending

Testing Recommendations

When To Get Tested

- If you have COVID-19 symptoms
- If you've been a close contact to someone with COVID-19
- To see when you can end isolation or quarantine
- For screening at schools, workplaces, or venues
- For indoor visits at a Skilled Nursing Facility, regardless of vaccination or booster status, until transmission is Moderate
- Before and after travel
- If recommended by a healthcare provider or Public Health

Consider testing before/after events and gatherings, especially if you, someone you're gathering with, or someone you live with is at higher risk for COVID-19.

How to Get Tested

Possible Testing Locations

Your Doctor's Office or a Community Health Center

Call 2-1-1 or visit www.211LA.org for referrals.

A Pharmacy

Find a site offering testing:

www.hhs.gov/coronavirus/community-based-testing-sites.

Your School or Worksite

May offer testing or refer you to testing sites.

An LA County Testing Site (PCR)

Free regardless of immigration status or insurance.

Visit www.covid19.lacounty.gov/testing, text (844) 833-1334, or call 2-1-1, to find a site.

Other Testing Site

Confirm eligibility and that there are no charges.

At Home

LA County Home Test Collection Program (PCR)

If you qualify, order a test kit at: www.covid19.lacounty.gov/testing/home-test-collection-program and return by mail.

LA County Pick Up Testing Kit Program (PCR)

Pick a kit up, test, and return it to the same site.

See www.covid19.lacounty.gov/testing/la-county-pick-up-testing-kit-program.

Rapid Antigen Home Test Kits

Check for insurance coverage for at-home test kits.

You can also order up to 2 sets of 4 free at-home test kits from www.covidtests.gov or [1-800-232-0233](tel:1-800-232-0233)

Report suspected
testing scams and fraud.

7-Day Rolling Average Number of Active Outbreaks

July 1, 2021 – March 15, 2022

covid19.lacounty.gov

3/17/2022

*Other includes: Acute Psychiatric Hospital, DCFS Group Home, Dialysis Center, First Responder, Home (Residential Home Setting), Homeless Hygiene Center, Hospital, Memory Care Unit, Office, Provider, Shared Housing, and Other

Employer Roles and Responsibilities

Provide Face Masks and Respirators

- If indoor masking is optional, employers to provide well-fitting medical masks and respirators (N95, KN95, KF94) for voluntary use, at no cost to employees.
- If requiring universal indoor masking, employers to provide medical masks to employees, at no cost.
- Upon request, employers to provide employees who aren't fully vaccinated and who are working indoors or in vehicles with more than one person with an N95 respirator for voluntary use (Cal/OSHA ETS).

Promote Vaccinations and Boosters

- Encourage COVID-19 vaccination and booster doses for employees.
- Offer vaccines and boosters at the worksite.

Create a Safe Worksite

- Increase ventilation.
- When possible, reduce crowding indoors and encourage physical distancing.
- Support hand hygiene and follow cleaning and disinfection guidance.

Managing Worksite Outbreaks

NOTIFICATIONS AND EXCLUSIONS

- Post a public notice.
- Identify and notify close contacts.
- Exclude cases and contacts for isolation and quarantine.
- Provide COVID-19 Supplemental Paid Sick Leave for workplace exposures.

REPORTING

- Submit case and contact line lists to Public Health.
- Report clusters (3 or more lab-confirmed cases in 14 days) to Public Health: www.redcap.link/covidreport or (888) 397-3993.

TESTING AND MASKING

- Make testing available to exposed employees.
- Require indoor and outdoor masking during the outbreak. Offer respirators to all employees, at no cost.

ADDITIONAL CONTROL MEASURES

- Follow Public Health ventilation, cleaning, and disinfection guidance.
- Have sick employees remain home.
- Distance employees by 6 feet when feasible.
- Temporarily discontinue non-essential group activities.

Public Health Anonymous Complaint Line: (888) 700-9995

Doing Our Part to Protect Workers

Employers

- Follow worksites requirements in LA County Health Officer Orders and the Cal/OSHA ETS.
- Implement additional worksite safety measures and requirements.

Wear a well-fitting mask when you're in close contact with others.

If you're sick, stay away from work, public sites, and events. Get tested, notify close contacts of a possible exposure, and complete Public Health's online case interview if contacted.

Get vaccinated and boosted.

Follow COVID-19 rules at worksites, stores, and events.

Report any safety concerns to your union representative, Cal/OSHA, or Public Health.

Support businesses that protect their workers and follow Public Health recommendations.
