

RVPC PRELIMINARY PRIORITY PLANNING WORKSHEET (OPTIONAL)

INSTRUCTIONS: Once you have gathered information about your SPA, you will develop your violence prevention action plan. Using your landscape analysis, along with the data package, you can use the following worksheet to identify potential focus areas and prevention ideas for your coalition. This worksheet is meant as a resource; you are not required to submit it when completed.

A. Top three violence prevention priorities identified through the landscape analysis:

1.

2.

3.

B. What most contributes to violence in this SPA?

1.

2.

3.

C. What are the major assets in this SPA? Assets are any kind of resource you have considered in this document that provide a benefit to a specific group of community members or to your entire SPA.

1.

2.

3.

D. What are some potential solutions, strategies, or promising opportunities to address violence in your SPA?

1.

2.

3.

E. Who are potential target populations you have identified from the landscape analysis? These can include unique age groups, vulnerable populations, or people living within a certain zip code, neighborhood, community, or area.

1.

2.

3.

F. What else do you think is important to know and understand about your region?
