Substance Use Disorder (SUD) Rates and Standards Matrix - Fiscal Year 2021-2022

YOUTH SPECIALIZATION ENHANCED RATES¹

Effective: 7/1/21

LOC ^{2,8,9}	HCPCS	Description	Youth (HA) Modifier	Unit ^{4,5,6}	Treatment Standard ^{4,5,6}
INCENTIVE PAYMENTS TERM: December 2017-June 2022^A					
Incentives are designed to promote modification in network provider behavior for quality improvement purposes, and are frequently used to impact the health care "triple aim" of improving the patient experience, improving population health, and reducing the per capita cost of care. While SAPC's incentives are designed to be time-limited, network providers need to maintain the expectation after the supplemental payment period has expired. New incentives or payment models will likely be launched that target other performance expectations.

^A See Provider Manual and Bulletin 18-06 for more information on what information is required in CalOMS/LACPRS and Financial Eligibility Form within Sage to substantiate claims.

^B Incentives cannot be claimed for patients who were discharged before the claim was entered.

^C Incentives with "Ex" are to document what funding programs a patient was eligible for at the time of admission. While this information should be entered at the time of admission and completion of Cal-OMS/LACPRS, it is possible that network providers learn about the patient's eligibility later in the treatment episode. In this case, the network provider updates the information in Cal-OMS/LACPRS and then submits the incentive claim. This cannot be claimed if a patient enrolled in the benefit while in treatment, instead a "H0006" incentive claims should be submitted (see "H0006" incentives).

^D "Ex" and "H0006" incentives are mutually exclusive, meaning that either an "Ex" or an "H0006" within the same category (e.g., CalWORKs) can be claimed, but not both. "H0006" incentive can only be claimed one time by the agency regardless of the number of care transitions. "D" incentives can be claimed after each admission or discharge.

^E Processed incentive claims that do not correspond with a correctly entered or valid case number, or completion within the designated time frame, may result in recoupments; valid and invalid claims will also be reviewed during the monitoring visit, and error patterns will be reviewed carefully.

^F Incentives with "H0006" are to document when the network provider helps patients navigate the benefits application and enrollment process. Since benefits will be acquired after the patient has initiated treatment services, the network provider will need to update the information into Cal-OMS/LACPRS and then submit the incentive claims. These incentive(s) can be claimed in addition to any claims for case management.

^G Incentives with "D" are to document the accurate and timely completion of all Cal-OMS/LACPRS questions, as close to admission or discharge as possible to better support data accuracy.

CLAIMS INSTRUCTIONS

1 The Youth Specialization Population Modifier requires the following:

- Experience serving youth (ages 12 through 17) and Young Adults (up to age 21, as clinically appropriate) in 2 of the last 7 years.
- Demonstrated experience using evidence-based practices that are specific to youth and young adults.
- Counselors and/or LPHAs providing direct SUD treatment services to youth, young adults and families have a minimum of 2 years' experience providing youth services, which includes working with youth who are runaways, victims of abuse and pregnant or with children.
- Policies and procedures for addressing the needs of youth and young adults with SUD, such as ensuring developmentally appropriate services, family involvement, composition of group counseling, etc.
- Network Provider owner, key staff, and all individuals providing direct services to youths passed a background investigation to the satisfaction of County.
- Listed on the SBAT as a qualified site.

2 U Codes: Claims submission in Sage is currently configured to require the identification of "U Codes" for the level of care (LOC), and specific modifiers: "HA" – youth under 21 years old and "HD" – pregnant and perinatal services. The "Code" in the "LOC" and/or "Treatment Standard" columns indicate what should be selected in Sage for the associated service or population.

CLAIMS INSTRUCTIONS

4 Group Counseling and Patient Education Group Calculation:

Formula: $\{[(\# \text{ minutes in the group plus travel time}) \div \# \text{ of participants in the group}] = \text{Total treatment minutes per beneficiary}\} + \text{documentation time per beneficiary}$
 Documentation will most likely be variable.

Standard: Minimum group duration is 60 minutes and maximum 90 minutes. Minimum 2 persons and maximum 12 persons per group (Exception: Patient Education sessions conducted within ASAM 3.1, 3.3, and 3.5 allow for a minimum 2 persons and maximum of 30 persons per session).

5 Documentation Time is allowable and varies by level of care:

A: ASAM 1.0, 2.1:

Group Counseling

Documentation time is allowable for group sessions but cannot exceed the following standard and must represent actual time documenting notes tailored to each participant up to 10 minutes per patient. These minutes would be added to each person with the group plus the total time submitted for each beneficiary, but it must be clear what amount of time relates to the time spent conducting the group versus the time spent documenting each patients group session notes.

Example: $([90 \text{ minute group} + 30 \text{ minute travel}] \div 5 \text{ participants}) \times (\$2.52 \text{ ASAM } 1.0) = \$60.48 \text{ per person};$

1 st Person.	\$60.48 per person + [10 minutes documentation * (\$2.52 ASAM 1.0)]
2 nd Person.	\$60.48 per person + [9 minutes documentation * (\$2.52 ASAM 1.0)]
3 rd Person.	\$60.48 per person + [1 minute documentation * (\$2.52 ASAM 1.0)]
4 th Person.	\$60.48 per person + [8 minutes documentation * (\$2.52 ASAM 1.0)]
5 th Person.	\$60.48 per person + [5 minutes documentation * (\$2.52 ASAM 1.0)]

Total group (each person claimed separately) = \$85.68 + \$83.16 + \$63 + \$80.64 + \$73.08 = \$385.56

Individual Counseling

One 15 minute unit per patient, per service for any HCPCS code offered within the LOC in one minute units

B. ASAM 1-WM, 2-WM, 3.2-WM, 3.7-WM, 4-WM, 3.1, 3.3, 3.5 Documentation Time: Daily documentation is required. SAPC reserves the right to disallow partial payment for providers who are in noncompliance.

6 **Travel time** is allowable when providing ASAM 1.0 or 2.1 at a SAPC approved Field-Based Service location by the performing provider (e.g., SUD Counselor) up to 30 minutes to and from the approved location, unless otherwise approved in the application due to service a remote location within an underserved area (e.g., Antelope Valley, Catalina Island). The Progress or Miscellaneous Note must include the start and end time of the travel each direction.

7 **Screening** - Any individual who first presents at a Network Provider must be entered in the Referral Connection Log and receive the Youth Screener (ages 12 through 17) or ASAM CO-Triage (18 years of age and older) screener to determine the Provisional LOC prior to receipt of the full ASAM assessment. For payment, the Referral Connection Log must identify no treatment need or a connection to the appropriate level of care is required. Payment for this service begins September 1, 2019. For Non-Admitted or patients referred to other treatment sites bill H0049-N. Providers who received a day rate bill H0049 for screenings that occur on the same day of admission, otherwise bill H0049-N.

8 An individual cannot be concurrently enrolled in two or more levels of care (except OTP, RBH, RSS) or be enrolled by more than one contractor at a time (except OTP, RBH, RSS). Consult DHCS' Same Day Matrix for services.

9 If services are not provided for 30 days an alert will be sent via Sage to notify the contractor to discharge the individual. If after 45 days no services have been provided, an administrative discharge will be automatically be completed and the County monitors will discuss the deficiency at the next site visit.

10 If relapse risk is deemed to be significant without immediate placement in residential care, a residential treatment provider may admit an individual prior to receiving residential preauthorization, with the understanding that preauthorization denials will result in financial loss, whereas preauthorization approvals will be retroactively reimbursed to the date of admission. For example, a residential treatment provider may choose to accept the financial risk of admitting residential cases during the weekend, with the understanding that SAPC will render an authorization decision on the first business day and within 24 hours of receiving the request.
